

## JOHN McCARTY TRANSFERRED TO DENVER, COLO.

John McCarty, the Newark boy, who has been playing ball with the Indianapolis A. A. team, has been transferred to Denver of the Western league, as announced in a telegram to his mother who lives in Pine street. The terms of the transfer were not made known whether by trade or purchase.

The Denver team last year won the pennant in this Class A organization, and is this year a strong aggregation. McCarty will be given a chance to play regularly, something he has not had with the Indians, and it will be a great deal better for him as what the young man needs now is practice and not sitting on the bench watching others perform.

### DEATH OF INFANT.

Summit Station, July 15.—Mabel Hene, daughter of Wm. and Co's Cornell of Black Lick, was born January 10, 1914 and died July 15. She was christened at the Universalist church, just two weeks before her death, on Children's day. A brief life on earth. "Budding here only to blossom in Paradise." To the parents, sister and brothers who survive, the memory of little Mabel is a blessing and benediction. The funeral service was held at the house in Black Lick, Rev. G. F. Thompson officiating; the burial was made at Reynoldsburg, on Sunday, July 5, a large number of relatives and friends attending in sympathy with the now bereaved family.

The worst thing about the sea of matrimony is the fool who rocks the boat.

## WELCOME GIVEN CARPENTIER IS UNPRECEDENTED

French Champion on Visit to England Before South Fight Is Landed.

London, July 15.—Georges Carpentier, the French champion who is to meet Gunboat Smith, the American heavyweight, in a 20-round fight at Olympia tomorrow, came to London Tuesday arriving at Charing Cross, he was given a demonstration that for size and enthusiasm would not have been accorded a popular foreign monarch, Englishmen and Frenchmen, literally by the thousands, jostled each other in the sweltering heat to catch a glimpse of the champion of France or shake him by the hand.

Hero-worshiping, ran riot to such an extent that traffic in the Strand was completely blocked. Horses were unharnessed and perspiring French admirers dragged their hero's carriage to a hotel, followed by an immense crowd that cheered most of the way. Carpentier was compelled to show himself on the balcony of the hotel, where he received another vociferous reception. When seen later, Carpentier said:

"It is a wonderful, magnificent reception. I shall never forget it. I believe that it will be a hard light. I have been warned of Gunboat Smith's terrible punch, but I can take punishment. My hands are in better condition than when I met Wells, so I can hit harder, and I am going to do all I know how to win."

It is expected that 20,000 persons will witness the fight, which arouses just as much attention here as though an Englishman was engaged. Extravagant prices are being offered for seats.

Smith has been splendidly trained. He looks to be in perfect condition and as hard as nails. He ridicules the idea that the Frenchman has a much heavier punch than the Englishman, a summary conclusion.

## BUY SEASON TICKETS FOR CHAUTAUQUA

The Newark Chautauqua opens Thursday, July 16, and lasts for one entire week. It is going to be held on the corner of West Main and Sixth streets.

The sale of season tickets is now in the hands of the Federation of Women's Clubs. They are selling the adult season tickets for \$2.00, and the children's tickets for \$1.00. A child's ticket will admit children between the ages of 6 to 14. A season ticket will admit one to all of the 21 performances. The season book contains only 14 checks but they are torn from it in the afternoon and evening only. To be admitted in the morning all one has to do is to show that he possesses a season ticket and no check is torn from it.

The season tickets are transferable in the owners immediate family. Thus any member of the same family may go at any one time on the same season ticket. In other words you can not give your season ticket to your neighbor and expect him to be admitted at the gate.

At noon Thursday, on the opening day of the Chautauqua, the ticket sale is turned over to the Redpath Chautauque people and the tickets are then sold for \$2.50 and \$1.25 respectively. During the sale of tickets the Redpath Chautauqua Company never sells a ticket for less than \$2.50 nor the children's tickets for less than \$1.25. So it is advisable to buy your season tickets now of the Federation of Women's Clubs.

A season ticket for two dollars is paying less than ten cents for each performance. Many of the attractions are worth the price of a season ticket alone.

It is advisable to purchase a season ticket if you can attend only half of the performances or even if the program is half over. For by paying the single admissions they would aggregate over \$7.50.

The program is a heavy one; the tickets now are only \$2.00 in full Thursday noon; the women of the federation are working hard; give them your support and help boost for the benefit of Newark.

## POLICE ARE STILL SEARCHING FOR THE MISSING SISTERS

San Antonio, Texas, July 15.—Three developments in the mysterious disappearance of the two daughters of Mrs. John W. Nelms, of Atlanta, Ga., were announced by the San Antonio police early today. The police said a physician on or about June 25, a man giving his name as W. Sims, shipped from here to Victor Innes, in San Francisco, a typewriter with Hindu characters, and that the mysterious package addressed to Miss Beatrice Nelms was in care of Mrs. Margaret Mims, and not Mrs. Margaret Mims, a local woman, who denied knowledge of the shipment or acquaintance with either Miss Nelms or her sister, Mrs. Eloise Nelms Dennis. No Mrs. Margaret Mims had been located last night.

Innes was the lawyer who secured Mrs. Dennis' divorce and police have started to trace the typewriter shipment. In the meantime the package shipped to Miss Nelms remains unclaimed in a local express office. Its contents are unknown.

Police still claim the missing women were here during June and are searching for two women said to answer their description who registered at a local hotel as from New York under other names. The name of Mrs. Dennis does not appear on the hotel register where the physician says he visited a sick child.

HON. LEWIS B. HOUCK

MT. VERNON, OHIO  
(Knox County)

### DEMOCRATIC CANDIDATE FOR JUDGE OF COURT OF APPEALS.

Hon. Lewis B. Houck of Mt. Vernon, is a candidate before the general primaries, August 11, for the Democratic nomination for Judge of the Court of Appeals of the Fifth Appellate District, which is composed of fifteen counties, Licking county being one of them.

He is among the leaders of the Knox county bar and ranks among the prominent attorneys of Ohio. He is in the very prime of vigorous manhood, mentally and physically, being forty-seven years of age, and has been actively engaged in the practice of law for twenty-two years. He is well grounded in the principles of jurisprudence; and with painstaking care and an industry that knows no bounds has acquired a large clientele. He has participated in the trial of many important cases in the district and state, and in the federal judicial mind and temperament, and is thoroughly equipped by training and mental inclination to perform the arduous duties of a judge.

In 1903 he was elected to the State Senate from the Mt. Vernon district, and during the sessions of the General Assembly took a ranking position among the leaders of the body of which he was a member, and was recognized as one of the most forceful speakers and debaters in the Senate.

When the late lamented Governor John M. Pattison assumed the duties of Chief Executive of Ohio he called to his assistance, as secretary, Senator Houck. Governor Pattison was a dying man the day he was inaugurated and the duties of the office of Governor really devolved upon Secretary Houck. It was an exceedingly difficult and delicate station to fill, yet he so discharged the duties as to win the commendation of the people of Ohio.

As an evidence of his high standing at home and among those who know him best, his candidacy for Judge of the Court of Appeals has been unanimously endorsed by the Knox County Bar.

Senator Houck is a member of many fraternal organizations and has received high honors in several of them, being a Past Grand Master of the Odd Fellows, the present Grand Senior Sagamore of the Red Men, a K. of P., Knight Templar, 32 degree Mason and a Shriner.

His wide acquaintance, great personal popularity and his recognized legal ability are elements that will count largely for his success in the August primaries and at the election in November, in attaining his ambition for a seat on the Appellate bench of this, the Fifth district.

Just you get a whiff of "the national joy smoke" and it's dollars to doughnuts you beat it 'cross lots to the nearest store that sells tobacco—and stock up! The flavor and aroma of Prince Albert has got 'em all backed off the boards. It sure will hit the spot with you. Get the drift of that?

## PRINCE ALBERT

the national joy smoke

just does all that we say it will do. It can't bite your tongue and it can't parch your throat. All this is because P. A. is made by a patented process that cuts out the bite! Why, this process has simply revolutionized smoking tobacco.

Prince Albert rolls up the bulkiest makin's cigarette you or any other man ever smoked. It puts the jolt of joy right into your system.

You can just do "makin's" sunrise to sunset and have a lot of fun. Why, P. A. in a cigarette is absolutely a revelation. You go to it!

## CONFERENCE ON THE PROPOSED CITY SUBWAYS

The representatives of the engineering departments of the Pennsylvania and Baltimore & Ohio railroad companies who were in conference with the engineering, service and legal departments of the city, left Tuesday night and while nothing definite was decided upon as to the division of the subway construction work, the meeting was productive of a closer understanding between the companies and the city and a progress near to the actual beginning of the elimination of the six grade crossings in South Newark from First to Sixth streets.

It was arranged that the attorneys should get together and draw up a synopsis of a contract for the actual construction which will be taken up and passed upon by the engineers as to its practicability and economic features, and will then pass on to the officials of the railroads for approval and execution.

## TRIO OF DIVORCE PETITIONS FILED BY NEGLECTED SPOUSES

A petition for divorce was filed in the Probate Court by Attorney Joseph W. Horner Tuesday afternoon for Anna Kochis against Joseph Kochis. The plaintiff asks for divorce and alimony. She alleged that the defendant treated her with extreme cruelty and that he whipped, abused and mistreated her. She alleges that she has been compelled to earn her own living during most of her married life. Mr. and Mrs. Kochis were married May 31, 1910, and there are no children.

## PAINS AROUND THE HEART

When the action of the stomach is weakened by debility or defective nerve force the food is retained until it ferments. Gas forms and presses on the other organs, particularly the heart, the pains in that region often causing a fear of heart trouble. Organic heart disease rarely causes pain around the heart and when this symptom is noted you should try toning up your digestion before giving way to needless alarm.

Dr. Williams' Pink Pills are a tonic that directly affects the organs of digestion. They supply to the stomach the rich, red blood without which normal digestion is impossible. They awaken into activity the gastric glands and strengthen the muscles of the stomach and give the nerve force necessary to proper digestion and assimilation. With thin blood and weak nerves it is impossible to avoid stomach trouble. Build up the blood and strengthen the nerves and note the increased appetite, the comfortable feeling after eating and the improvement in health and vigor.

Two books "Building Up the Blood" and "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Dr. Williams' Pink Pills are for sale in every drug store.

Kochis were married May 31, 1910, and there are no children.

A divorce petition in which the plaintiff alleges that she was 17 years of age at the time of her marriage was filed in the Common Pleas Court, Wednesday, by Smyth & Smyth, attorneys. In the petition Lena Everett prays for divorce and alimony from Clarence D. Everett. She also asks that her maiden name, Lena Penneker, be restored to her. She alleges that the defendant treated her with extreme cruelty, assaulted and threatened to kill her, that she was compelled to take refuge with her father, that the defendant accused her of infidelity, called her vile names and secured their marriage license by falsely representing her age in Cincinnati. They were married July 10, 1911.

Stella Hughes, asking divorce of Richard L. Hughes in a petition filed in the Common Pleas court charges the defendant with extreme cruelty, with striking her, threatening her with personal violence, offering her to leave home and accusing her of infidelity. She alleges that the defendant has failed to provide her with the necessities of life. She prays for divorce, her maiden name Stella Van Allen and that the defendant be restrained from disposing of or encumbering any of his real property until the settlement of the pending suit. They were married March 22, 1909.

## BACHELORS ARE BARRED FROM THIS TOURNEY

The married women of the Mound-builders Country Club are determined that the single men shall not monopolize all the golf championships so they have arranged for an "elimination" tournament to be held in August, for a cup to be donated by the matrons of the club. Unlike most tournaments the swains, and bachelors being the victims of the process, which is painful but none the less effectual, as they are barred from entering the lists.

None but married men are to play and it is therefore a cinch that some one will be able to proudly point to her "hubby" after August as a golf "cup winner."

## STRONG PLAYERS ELIMINATED IN JULY CUP PLAY

In the second elimination round of the July golf tournament for the cup donated by President A. H. Hooley, Frank Webb defeated Chas. E. Hollander runner-up in the June tournament, by a score of 7 up, 6 to play while James K. Dewey beat Rod Miller, who plays with the smallest handicap, but 3 over Manning, the only scratch man. The score of this match was Dewey 5 up 4 to play.

In the concluding matches of the first round Maddock beat J. M. Mitchell 4 up, 3, and Hayden Sr. was defeated by Malcolm Baker, 3 up 2.

## TO HOLD AN OLD FASHIONED PICNIC AT GRANVILLE, O.

(Special to the Advocate)  
Granville, O., July 15.—It was announced in the Capital Church Sunday morning, that the ladies of the Social Union would hold an "old fashioned basket picnic" on Mrs. Marlow's lawn—three doors west of the church—next Friday afternoon for all the members of the church and congregation, who desire a pleasant outing.

The committee suggests that, as the supper is the main feature of an "old fashioned picnic," it is upon the contents of the "old fashioned basket" that the success of the affair depends. Plenty of food, with the proper means of serving one's own household plus a guest or two, should go into each basket, which should be marked with the owner's name. The grounds will be illuminated and there will be music by the young people's "Town Orchestra." The hours between 4 and 8 will be devoted to out door recreations.

## SUMMER VACATIONS.

Before starting on your outing remember to order the Advocate to follow you. No matter how long you are to be gone, no matter how frequently you change your address, the Advocate will go where you go. If you only leave word. No extra charge. Before you start telephone to this office. That's all that is necessary.

## FIRST REUNION ROGERS FAMILY AT HANOVER

The home of Mr. John H. Rodgers in Hanover, was the scene of a very greatly enjoyed, but quiet event Sunday, July 5. This was the first annual reunion of the descendants of John and Lydia Rodgers, early settlers in Licking county, from Virginia. Both are long since gone.

Four living children were present: Messrs. Morgan Rodgers and John H. Rodgers, and Mrs. Kate Fleming, of Hanover, and Mrs. Harriet Van Alan, of Oberlin.

Of a family of some eighty relatives and descendants, seventy were gathered from various parts of Ohio and other states. Guests came from Cleveland, Oberlin, Sandusky, Galion, Piqua, Columbus, Linden Heights, Lancaster, Newcomerstown, Newark, Muncie, Ind., and Los Angeles, Cal.

The enjoyment which everyone present felt as a result of the occasion makes it highly probable that the first reunion will not be the last.

Mr. Becking of the Cedar Point resort company was here this week and advised the Jewett excursion committee everything was in shape for their big outing. The train will leave, as usual, the B. & O. depot at 6 o'clock and returning will leave Sandusky at 7 o'clock, which will insure every one getting home in good time.

Mrs. Fred Seymore and her daughter Miss Sarah, returned last evening from a fortnight's sojourn at Battle Creek, Mich. Mrs. Seymour, who has spent the past month at a hospital in Pittsburgh, also returned to Granville a few hours earlier.

Mrs. J. S. Jones, who has been in Chicago during the past week, is expected home tomorrow.

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

**Tuxedo**  
The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

## Ten Laws of Health.

One—Breathe deeply of pure air and sleep with your windows open.

Two—Eat slowly, masticate your food well and drink nothing with your meals.

Three—Never force yourself to eat.

Four—Be temperate in all things.

Five—Don't worry.

Six—Consult a good dentist at least once every six months.

Seven—Exercise regularly and moderately.

Eight—Take a bath every day.

Nine—Drink pure water freely.

Ten—Keep your feet dry and avoid drafts.

On February 23 last the Advocate printed the foregoing suggestions in its Booklovers' contest, the ten rules having been intended to represent the name of a well known book, Ten Laws of Health, written by a Newark man, the late Dr. J. R. Black.

Health rules are as numerous as mosquitos in New Jersey but it is probable that every health formula has helped somebody. No set of rules will apply to every one but the ten suggestions above referred to can fit nearly every case to advantage.

Elbert Hubbard who is said to admit that he is something of a health crank, in his July "Fra" lays down six rules for health and happiness. Note the similarity between Mr. Hubbard's suggestions and those used by the Advocate in illustrating the name of Dr. Black's book:

First—Deep breathing in the open air with your mouth closed.

Second—Moderation in eating—simple dishes—fletcherize.

Third—Exercise at least an hour in the open each day, walking, working in the garden, playing with the children.

Fourth—Sleep eight hours in a thoroughly ventilated room.

Fifth—Don't bother to forgive your enemies—Just forget them.

Sixth—Keep busy—it is a beautiful world, and we must and will and can leave it more beautiful than we found it.

John Chafin is no politician. He charges his failure to "unprecedented shifting of trade centers in New York City," when he might have charged it to Wilson's Mexican policy.—Cleveland Press.

Tuberculosis.  
Dr. Osler says most people have tuberculosis at one time or another and recover without ever knowing they had it. That is true, the obviously wise course is for everybody to take no chances, but to live out of doors as much as ever they can, get all the exercise possible and keep themselves in the best physical condition. Tuberculosis, like many another disease, only sticks where there is weakness to encourage it.—Dayton News.

Free Speech.  
Free speech had a most exemplary demonstration in Union Square Saturday afternoon, when speakers for anarchy, prohibition, the single tax and world peace all found ready forums. It was a peace man who, so far as reported, spoke the most significant sentence. Formerly an Anarchist, he told how he was cured by two years in jail. "I had a chance to think things over," said he.—New York World.

How a girl attracts a man! That question goes straight to the heart of every woman that ever was, is now, or ever will be. To catch a man's wandering attention, show an interest in what interests him. Aim to hold his fancy; once it is won, work on his vanity by making him think he is of no great consequence to you. ## Break This News Gently to Calamity Shouters.

(By Senator Jas. E. Martine, of New Jersey.)

In my own State, which is a great manufacturing community, in the city of Elizabeth, is a great plant, known as the Singer Sewing Machine plant, employing 10,000 hands. We put their product on the free list. We were told on all sides in Elizabeth that we were inviting calamity and were inviting our own defeat to advocate putting sewing machines on the free list; but what has been the result? It has been the annual custom, at this time of the year, of the Singer Sewing Machine Co., during every year that I have had any knowledge of it—and they have been twenty years or more purposes. Within the past two or three days I learn from the Elizabeth Journal, the property and voice in days past of the distinguished and honorable John Keen, my predecessor, a protectionist and a Republican, that the situation has entirely changed, and instead of closing down the plant for four weeks this year they notified their workmen on Monday last; that no such shutdown would take place; that a week would be as long as they could afford to have the plant idle this year; that they had sold out their stock of sewing machines, and that their orders were such as to keep the Singer Sewing Machine plant busy and humming for the rest of the year.

OLD AND YOUNG.

"If I could be that little boy" the weary grown-up sighed, "my jaded heart would swell with joy, and I'd be satisfied. For when all things are said and done, youth has the right of way; it has monopoly of fun, of gladness, mirth and play. Boys have no problems dark and deep, to make the spirit sore, to rouse them from the midnight sleep, and make them walk the floor. The world's a playground for the kid, grief threatens him in vain, he does not bear beneath his lid the cares that gnaw the brain. 'Oh, youth,' the grown-up sighed, 'could I but have it back again! Could I but say a long good-bye to woes of toiling men!' The lad whose lot is envied thus, is not swelled up with joy, in fact, he makes a daily fuss because he is a boy. 'They grind me with the iron heel' he says, 'against my wish, and turnips I must stay and peep, when I would like to fish. I have to hoe the beans and spuds a long and weary while, when I would like to shed my duds and swim about a mile. My dad, he tells me he will tan my jacket if I shirk, oh, chee, I wish I was a man—then none could make me work!' Alas, no perfect bliss on earth has ever yet been sprung; but let's pretend we're full of mirth though we be old—or young!"

"No, that is not the one," said the mother, "they don't keep any kind of a carriage."

"Oh yes they do, Mamma," responded the youngster, "They've got a wheel barrow."

"Oh, Daddy, look at my cashier," exclaimed a Cedar street child who was playing store and had fixed up an old stand drawer for a cash register.

Mother considered a minute, looking very thoughtful. Then she said: "Why yes, I guess you may, little daughter."

"Thank you," said Elizabeth, "I've been."

## ROYALTY

OF RUSSIA STIRRED BY WOMAN'S ATTEMPT TO ASSASSINATE MONK.

Prisoner Says Intended Victim Had Wrought Evil Under Prophet's Guise.

(ASSOCIATED PRESS TELEGRAM) St. Petersburg, Russia, July 15.—The emperor's court physician, Prof. Seichin Petrovich Federoff, and the empress' lady in waiting, Mlle. Virubova started today for Tumen, Siberia, according to the Courier, to attend the mystic lay monk and imperial confidant, Gregory Rasputin, who is suffering from a wound inflicted by a woman who tried to kill him.

In a newspaper interview today, Guseva, the would-be assassin, who is in jail said she had long meditated on killing Rasputin and thus "putting to an end an awful evil wrought by him in Russia by his impostures under the guise of a prophet."

She declared "he had shaken Christianity, was sowing temptation and was blasphemously mocking the most holy feelings of true believers."

She added that absolutely he had openly and without conscience, ruined the lives of young girls.

Guseva concluded: "I, as a simple Christian, could not suffer his abuse of the church. I wanted to kill him last year. I went to Taita but could not approach him, because he was so closely surrounded by aristocratic women followers."

"I regret that I failed to kill him. All the same, he will not live. The Russian people will not endure such disgrace."

Rasputin, in an interview, said: "It is all that cursed Heliodorus Abbott of Tsarsyn. But to the confusion of himself and all my enemies I will live and they will have nooses put around their necks."

Heliodorus was a great rival of Rasputin in the Russian capital, whence he was recently banished owing to Rasputin's influences with the emperor.

Rasputin is recovering from his wound.

## RURAL CARRIERS

(Continued from Page 1.)

The first district, under organization of Chief Organizer H. J. Morrison, Fremont, O., and the second district, under C. L. Stonebreaker, Defiance, O., were reported. The first is composed of 31 counties and the second of 20 counties.

The third district, 22 counties, and fourth, 15 counties, are yet to be heard from. They are under organization of J. F. Rapp, Richmond, O., and State Secretary Ratchette, respectively.

As the last feature of the Wednesday morning program, the delegates marched to the Lyric theater where Archie Smith, of Fremont, O., a deputy in the state highway department, delivered an illustrated lecture on road roads, showing conditions in Ohio as compared with some other states.

Smith's lecture was a substitute for Highway Commissioner James R. Barker's address. Barker was unable to be present.

Representative William A. Ashbrook, of the Seventeenth Ohio Congressional district, also sent regrets. His telegram to President P. J. Powers was read to the convention as follows:

"Washington, D. C., July 14, 1914

P. J. Powers, president Rural Letter Carriers' Association, Care J. H. Newton, postmaster.

I sincerely regret that it is impos-

sible for me to be present at the twelfth annual convention of the Ohio Rural Letter Carriers' association, and will therefore kindly ask you to convey my cordial greetings. I trust that your convention will be as profitable as I am sure it will be pleasant. I take it that my record is well and favorably known and that it is not necessary for me to reassure the boys that I am now and always have been in full sympathy with any legislation looking to the extension and improvement of this most valuable branch of the postal service and for good pay to the boys who daily carry the mail to the farmers' doors over good and bad roads. I am also pleased that you are honored by the presence of W. D. Brown of the R. D. News, your best friend in Washington. Tell the boys to count me their friend."

(Signed) William A. Ashbrook.

Rev. W. D. Ward, pastor of Central Church of Christ, arrived at the convention hall late, but expressed his good will toward the organization in a well chosen talk. He explained that he had been misinformed as to the hour of convening the morning session.

Arrangements were completed Wednesday morning for the banquet to be held tonight in the banquet hall of the First M. E. church, Rev.

phier, who provided benches for arranging the group, and when a second photographer set his camera to work, an assistant of the first man persisted in walking in front of the delegates while the second man's camera was at work.

The delegates pumped to their feet with shouts and angry waving of fists, threatening a boycott on the assistant who undertook to spoil the second man's views.

Candidates for the state presidency are looming up prominently while there is some talk that P. J. Powers may establish a new precedent by being a receptive candidate for a third term.

Perhaps the most prominently mentioned as prospective head of the organization for the ensuing year is D. E. Bowers of Creston, O. Columbus county is understood to have a strong candidate in the field, and others may develop before the proposition comes to a vote late Thursday.

Prospects are favorable for Massillon landing the next year's convention, it is said. Toledo is bidding for it. Columbus is out of consideration for the state convention, it is reported, since the delegates unanimously voted, Tuesday night, to endorse Columbus for the 1915 national convention. It is said Ohio being the largest state in the union in point of membership with twenty votes in the national convention, is sure to be heartened by the national convention delegates in Washington this year.

President P. J. Powers, late Tuesday, delivered his annual address to the assembled delegates. He said: "Follow Carriers and Friends."

"Ten years ago the state convention of O. R. L. C. met in this same city of Newark. The organization was then only a kid, as it were, one year old. But between visits he has been growing so rapidly in the last few years and to such proportions that today he can hardly be recognized as the kid that visited this city ten years ago. In fact he has grown almost as fast as the boy by the name of Parol Post."

"We, as representatives of this or-

ganization, come to this convention to review the work of the past year and plan for further development and I, as your president, come to return the gavel of authority entrusted to my keeping at your convention last year, trusting in my ability to guide the affairs of the association for another year. The reports will show whether or not your confidence has been misplaced. Two years ago there were 55 counties organized with 1,004 members. Last year we had 62 counties organized and a membership of 1,371. This year we have 80 counties with 1,710 members.

"The history of the organization, as the records show, has been on a sliding scale. Ten years ago 40 counties were reported organized but in the meantime it has had varying numbers up to the last few years when it started on the upward slide. May it continue till we reach the top for we are so near it now. This year it was the desire of the officers to break the record of previous years and I think you can see from the reports that their aim has been realized. You may wonder how it was done. On my way home from Wooster it occurred to me that a new plan must be found if we were to reach all the counties in the state. I called a meeting of the officers and executive committee for an official session which convened on the eighth of November in the pleasant little city which is now so royally entertaining us. I presented the following plan and after a thorough discussion it was adopted without a dissenting voice, and was as follows: The state was divided into four districts, with one man over each. H. J. Mor-

H. S. SIMPSON  
Chairman of Resolution Committee, Galion, O.

We ought to be ashamed to borrow some one else's paper to read, don't you think? We also appreciate the generous support of our friends among congressmen and senators during the last session.

"In the line of association work this has been a very busy year with me, but perhaps no more so than with many others. This year we have had to appoint more men for the different places which has made extra work and extra writing. The National gave to us by resolution No. 10 about 30 men to appoint in the congressional district of this state to visit our congressmen. The men appointed did their work well and I certainly want to thank them for it."

"I have visited many counties, some of them more than once, and some district meetings, the expenses being borne in some cases by the counties visited. We traveled many miles and gave all our holidays and the most of our vacation for the work and in convention, and as this was a short year, the convention coming one month earlier than usual, I don't know whether you will want to pay me the full salary or not."

The places visited by the president during the past year:

District meeting held at Columbus on the fair grounds, ten counties represented.

Hamilton, Montgomery county.

Vermilion, tri-county meeting, Erie, Lorain and Huron.

Ottawa county, twice.

Erie county.

Columbiana county.

Logan, Hocking county, to organize the county.

Somerset, Perry county.

Hon. A. P. Sandies, president of the Ohio Agricultural Commission, arrived in the city shortly after noon and will address the convention this afternoon. Mr. Sandies is a forceful and entertaining lecturer and his address no doubt will be very enjoyable to the assembled delegates.

See your friends perform at the Auditorium tonight. Big Amateur night.

## Every Item In The Big Four-Page Yellow Circular and Scores Of Others Will Be On Sale Tomorrow Morning.

HAVE YOU BEEN TO THIS TREMENDOUS REMODELING, RE-BUILDING, EXPANSION CLEARANCE SALE OF ALL SUMMER MERCHANDISE YET? IF NOT, WHY NOT? FURTHERMORE YOU SHOULD ASK YOUR NEIGHBOR, WHO, NO DOUBT, HAS ATTENDED THIS GIGANTIC SALE MANY TIMES, AND EACH TIME HAS LEFT THE STORE SEVERAL DOLLARS RICHER THAN BEFORE SHE CAME.

Each day sees greater values, as the bargain tables melt away under the terrific selling they are bountifully replenished from the large reserve stockrooms. Therefore any day you come you may expect as great or even greater values than even the very first day of the sale which just began Saturday morning.

Again—if you have not been to the remodeling sale ask your neighbor who has. It is to your own welfare to buy the best merchandise for the least money, why delay?

But we absolutely know that by the way the large crowds of people crowd this big store from the very opening of the doors in the early morning until late at evening that customers go away more than satisfied, tells and shows her friends and neighbors the kind of merchandise she is buying for months to come at prices never before expected.

We have and are still doing our part to move these vast stocks of merchandise out of the way of the workmen who will soon be in the store tearing out the large walls.

Tomorrow is the day that we must do a whole day's business in just a half day. Be on hand early, as every item given in the large circular which we sent you will be on sale. Also hundreds of others equally as great. Come see, and help yourself to the good things found here.
